Former Russian envoy to Washington and delegate representing the Czar at the peace conference of Portsmouth, concluding the war with Japan, who last week arrived in New York from Sweden. The Baron, with his family, accompanied him to America, fled from Russia last May, making his way to Sweden on a British steamship.

AMERICA TO INVESTIGATE JAPS' RAID ON HOSPITAL.

Tokio Reinforces Garrison in Korea; Riots Assume Dangerous Proportions Throughout Peninsula.

WASHINGTON, April 14.—A Tokyo dispatch to the State Department reported that gendarmes took from the Severance Hospital at Seoul, an institution maintained by Americans, three Korean patients suffering from gunshot wounds inflicted by the police.

A surgeon connected with the hospital protested vainly against the action of the police. The superintendent of police, when asked for an explanation, charged that the prisoners were criminals and that the action of the gendarmes in taking the men away from the hospital was in accordance with the law.

This incident took place last Thursday, the dispatch from Tokyo having been delayed because of Pacific cable conditions. The State Department has ordered an investigation of the incident.

JAPS REINFORCE GARRISON. (BY CABLE AND ASSOCIATED PRESS.) TOKIO, Tuesday, April 8.—The Japanese War Office announced that it is reinforcing its garrison in Korea by six regiments of infantry and 400 gendarmes, because the riots there have assumed a dangerous character and extended to all of Korea.

The riots, the War Office announcement says, have spread greatly in the last few days and the rioters are engaged in looting and burning. The Japanese are protesting in the provinces. The Japanese are protesting in the provinces. The Japanese are protesting in the provinces.

ADMIT MISSIONARY'S ARREST. (BY CABLE AND ASSOCIATED PRESS.) TOKIO, Tuesday, April 8.—Officials of the Japanese War Department confirmed reports of the arrest at Pyongyang, Korea, of the Rev. E. M. Mowry of Mansfield, O., an American Presbyterian missionary.

PEYONG YANO (North Korea) Wednesday, April 9.—The Rev. E. M. Mowry of Mansfield, O., an American Presbyterian missionary, who was arrested by the Japanese on a charge that he permitted the use of his premises in the furtherance of the Korean independence campaign, is confined in the prison here and is well treated. He has been permitted to see his wife.

GERMANY TO BALK AT SAAR PLAN

BERLIN, April 14.—The German government is firmly resolved to refuse to discuss at the Peace Conference the future of the Saar territory, according to a Berlin news agency, on what it terms competent authority. The government will "resolutely reject any proposal to tear the Saar territory from the empire by means of a general plebiscite."

HEAVY FIGHTING IN MUNICH

BERLIN, April 14.—The latest news received here is to the effect that the communists in Munich have not yet been mastered and that heavy fighting is raging in the streets of Munich between Red Guards and troops loyal to the government.

The central railway station, the postoffice and telegraph office, and several other public buildings, again are in the hands of the communists, who use heavy mine thrown in their recapture.

A number of persons have been killed or wounded. Earlier advances reported the whole of Bavaria, except Munich, had been regained by the Hoffmann government, which provisionally remains at Bamberg.

According to the Lokal Anzeiger, armed soldiers drove through the streets of Munich cheering for the Soviet. They were roughly handled.

Railway stations and postal, telegraph and other government buildings fell into the hands of the government without resistance. Dr. Leisner is said to have fled to Switzerland with 2,000,000 marks of State money.

Many persons were killed or wounded in the center of Berlin noon today during a collision between troops and street vendors. The troops fired the vendors.

This district was strongly cordoned by the Alexander Regiment with a view to suppressing the strike. It is reported from Essen that the strike of Krupp employees has ended.

New disorders are reported from Gleiwitz, Silesia, where the coal miners are striking against the inadequate food supply.

HEROISM OF LIEUT. LUKE RECALLED IN POSTHUMOUS RECOMMENDATION. (BY A. P. NIGHT WIRE.) WASHINGTON, April 14.—Award of the Congressional Medal of Honor to the late Second Lieutenant Frank Luke, Jr., for conspicuous gallantry and intrepidity above and beyond the call of duty.

WASHINGTON, April 14.—The Blanquet-Diaz force do not constitute a real menace to the security of the central government in Mexico, their numerical strength being too small and their substantial backing insufficient, according to the statement of an authority at the Mexican Embassy today.

Up to date the only achievement of the Blanquet-Diaz movement has been the seizure of its press agent in the United States.

It is claimed that Blanquet and Diaz have 4,000 men well equipped and fairly disciplined, but to this day they have not captured any place of importance, which goes to show that they lack both men and material. Gen. Obregon, it is to be remembered, had only 25,000 men when he went from one end of the country to the other.

"Rabid movements have collapsed or are collapsing in all parts of Mexico. In only extremely few places are bandit hands operating. The State of Chihuahua is controlled by government forces with the exception of a small section of the mountains where Villista followers are still lurking."

In Mexico City and elsewhere on account of the death of the chief, Emilio Zapata. He had for his followers a cult of devotion to the cultivation of the land. Zapata had been preaching the Bolsheviki idea of land ownership. His followers were to be the landed proprietors. Zapata's followers will have a tremendous moral effect all over Mexico."

DEALERS ADVISED TO STOCK UP ON SUGAR. (BY A. P. NIGHT WIRE.) NEW YORK, April 14.—The United States Food Administration today advised dealers in refined sugar to take immediate steps toward replenishing their stocks to avoid possible depletion of supplies in the season of heavy buying between June and September.

While there is no shortage of sugar and none in prospect, "at least before next fall," the authorities warned dealers that there was no indication of lower prices.

PLACE EXTRA GUARDS AROUND DEBS' PRISON. (BY A. P. NIGHT WIRE.) MOUNTAIN VIEW (W. Va.) April 14.—The incarceration of Eugene V. Debs in the West Virginia penitentiary was marked tonight by the placing of additional guards around the walls by order of the warden. Prison officials will determine upon a fixed amount of mail that Debs may receive. Today there were indications of an overwhelming number of incoming letters for the prisoner.

SERBIAN REVOLUTION DENIED. (BY CABLE AND ASSOCIATED PRESS.) LONDON, April 14.—Serbian officials in London declared today there was no truth in the report that a revolution had broken out in Serbia. The latest official dispatches from Serbia report no unusual happenings there.

Walsh Resigns as Chief Counsel. (BY A. P. NIGHT WIRE.) WASHINGTON, April 14.—Acceptance of the resignation of John Walsh of Washburn, Wis., chief counsel of the Federal Trade Commission, effective today, is announced. Mr. Walsh will enter the practice of law in this city.

CLEMENCEAU WINS NOTABLE VICTORY; RHINE FRONTIER IS MADE SAFE; PEACE IS NEAR

PARIS, April 14.—It was stated in authoritative quarters tonight that a satisfactory agreement had been reached on the question of the Rhine frontier, thus removing the last of the main obstacles in the way to a peace treaty with Germany.

Premier Clemenceau called on Col. House of the American delegation tonight and expressed himself as entirely satisfied with the settlement. This indicates the French will secure guarantees which will protect them adequately against renewed German aggression.

The agreement is believed to include complete demilitarization of both banks of the Rhine, extending twenty-five miles east of the river and throughout the German sections along the west bank, in which there will be no fortifications, no troops and no conscription.

It also was determined definitely today that the Germans will be called in before the Peace Congress, April 25. The treaty will be delivered to the Germans on their arrival at Versailles, and subsequent action to the formulation of peace will be dependent somewhat on their authority to sign or their desire to return to Weimar for a consultation with the authorities.

The Adriatic issue still is open, but does not affect the treaty with Germany, as it concerns merely the Austrian-Yugo Slav boundaries. It is expected the delegates of the other enemy powers will follow the Germans within a few days after their arrival at Versailles, April 25.

The council of four has under consideration a French plan for defense along the Rhine which provides for a line thirty miles east of the Rhine, which shall be considered a boundary over which German troops cannot cross without making themselves liable to attack by British, French and American troops.

PEACE VERY SOON, SAYS WILSON. (BY CABLE AND ASSOCIATED PRESS.) PARIS, April 14.—A statement by President Wilson in behalf of the council of four says that the questions of peace are so near complete solution that they will be quickly and finally drafted. This announcement was contained in an official bulletin, which added that the German plenipotentiaries had been invited to meet at Versailles on April 25.

The President hopes the questions of Italy, especially relating to the Adriatic, will be brought to a speedy agreement. The Adriatic question will be given precedence over other questions.

The settlements belonging especially to the treaty with Germany, the statement says, will thus be got out of the way, and at the same time other settlements will be completely formulated.

The President, speaking today with the correspondent of the Temps regarding the work of the Peace Conference, said: "I have today good hope. The most complicated questions now are solved. Under these conditions I hope that a satisfactory solution will be reached pretty soon."

The remainder of the conversation, says the correspondent, consisted of expressions by President Wilson of his admiration for France, the French people in Paris, for which city, the President said, reminded him greatly of Washington, which was planned by a Frenchman, Maj. J. B. B. Washington's companion. The President declared the Seine reminded him and other Americans of the Potomac.

The text of President Wilson's statement follows: "In view of the fact that the questions which must be settled in the peace with Germany have been brought so near a complete solution that they can now quickly be put through the final process of drafting, those who have been most constantly in conference with them have decided to advise the German plenipotentiaries to be invited to meet the representatives of the associated nations at Versailles on the 25th of April."

This does not mean that many other questions connected with the general peace settlement will be interrupted or that their consideration, which has long been under way, will be retarded. On the contrary, it is expected that rapid progress will now be made with these questions so that they also may presently be expected to be ready for final settlement.

"It is hoped that the questions most directly affecting Italy, especially the Adriatic question, can now be brought to a speedy agreement. The Adriatic question will be given for the time precedence over other questions and pressed by continual study to its final stage."

"The settlements that belong especially to the treaty with Germany will in this way be got out of the way at the same time that all other settlements are being brought to a complete formulation. It is realized that, though this process must be followed, all the questions of the present great settlement are parts of a single whole."

HUN INDEMNITY TOTAL IS FIXED. (BY CABLE AND ASSOCIATED PRESS.) PARIS, April 14.—One hundred billion gold marks is the amount Germany must pay the Allied and associated governments for losses and damages caused in the war, plus other billions to be determined by a special commission on which Germany is to be represented.

This is the final and definite conclusion which has been reduced to writing after weeks of negotiations which took a wide range and involved frequent changes and modifications. The payment of the 100,000,000,000 gold marks is to be divided into three distinct amounts, as follows: First, 20,000,000,000 within two years; second, 40,000,000,000 during thirty years beginning in 1921; and third, 40,000,000,000 when a commission shall determine how it shall be done.

In view of the fluctuations through which the negotiations have passed, an authoritative statement was obtained today concerning the final terms of the settlement. This sum up the conditions as follows: Germany at the outset is held generally responsible for losses and damages caused in the war.

DELAY IN PEACE ANGERS BRITAIN

Press Lays Blame on Lloyd
George and Wilson.

Veiled Attacks Aimed at the

Critics are Ones Who Insisted

BY HENRY M. HYDE.

(BY CABLE-ASSOCIATED PRESS.)

LONDON, April 14.—Press and

Commons both are disappointed and

angry at the delay in making peace

and with the rumored terms of the

treaty and the League of Nations.

Premier Lloyd George evidently

is determined that the members of

the Commons shall take back to the

people his statement of the case to

be given in his coming answer to

the telegraphic protest of the

majority of the Commons against

letting Germany go without paying the

full cost of the war.

It is impossible not to admire the

courage of the little Welsh lawyer.

Both the Conservative and Radical

press, plus all of the Northcliffe

papers, and the majority of the

Commons and the weekly journals are

attacking him. He is presumably

coming back to defy them all.

It is no use trying to disguise the

fact that most of the indignation is

directed against President Wilson

and the United States. Lloyd George

is chiefly blamed because he has

allowed himself to be influenced by

President Wilson. Next to that is

the charge that he has been largely

responsible for the policy of

secretary which has wrought the

Paris conference in a veil of obscurity

and contradiction.

The English people cannot reconcile

themselves to the fact that after

they and the other European

nations have sacrificed so much in

blood and treasure, President Wilson

should insist on playing what they

call "top dog" at the conference.

Meanwhile it is remarkable how

almost unanimous is the verdict of

the press from extreme Tory to

Radical, against the terms of the

treaty and the League of Nations so

far as they have been announced.

Tory organ, which after all per-

haps the frankest and most un-

trammelled newspaper in London:

"We have read the report of the

conference with the respectful

attention which it deserves. It is,

we gather, only a summary, but

it gives the main outline of the

new garden of Eden which is

to be established at Geneva.

"In that garden the Monroe Doc-

trine will take the place of the

tree of the knowledge of good and evil—

of every tree of the garden there

shall be a tree of the knowledge

of good and evil; for in the

light of the new day, it is

the duty of the world to know

the difference between good and

evil, and to choose the good.

Fix Total Indemnity Germany will Have to Pay.

Paris Critics Dissatisfied with Rhine Plans.

(BY CABLE AND ASSOCIATED PRESS.)

PARIS, April 14.—Alarmed by the result of the by-election at Hull last week, Premier Lloyd George of Great Britain, according to the Echo de Paris, has persuaded the council of four to revamp completely the financial plan to be incorporated in the treaty of peace. Instead of a payment of 25,000,000,000 francs on account and annual payments to be fixed by a commission, it has been decided to fix at once the amount which Germany will have to pay within fifty years. This amount is kept secret, but it is indicated by the newspaper that a figure of 250,000,000,000 francs has been agreed upon, which includes all war damages as well as the cost of pensions.

Fixing the total sum will have the merit of facilitating treasury operations and the carrying out of mutual measures for assistance among the Allies. The first installment of 25,000,000,000 francs must be within eighteen months, the newspaper declares.

Other newspapers, however, do not mention any such change in the terms, but all information in French quarters agrees in regard to the Hull Valley. It is said that it is settled the rhines will become the absolute property of France, who will police the region. The region, however, will be administered by a sort of directorate under the auspices of the League of Nations. This directorate will consist of one

PARIS, April 14.—Premier Lloyd George's trip home to England will be brief, according to the Petit Journal today. He will be back in Paris Friday to attend the Peace Conference, the newspaper says.

It is understood Mr. Lloyd George attached great importance to the question of the probable date of the termination of the work of the conference desirous of being able to give the House of Commons some idea when the long drawn out labors of the conference will be finished. If any definite notion of this was reached at today's conference it did not transpire.

inhabitant of the Saar region, one Frenchman and three non-French of the league.

LASTS FIFTEEN YEARS.

The regime, it is said, will last for fifteen years, when a plebiscite will be held and in the event the inhabitants elect to return to Germany that nation will be obliged to buy back the mines, paying in gold.

To carry out this task would be no mean undertaking, say the commentators, especially those of the Echo de Paris and Le Journal who declare it to be simply a repetition of the Tancrède regime, which they say has been seen to be the equivalent of "most complete inertia."

Neither are the critics satisfied with the plan for military occupation of the left bank of the Rhine, although the methods to be followed have not been finally decided upon. It is stated in French quarters that they will be entirely in the hands of the French troops who will guard the bridgeheads and railroad junctions. In addition there is to be a new thirty-mile neutral military zone on the right bank of the river, it is said. These two measures will be in force only fifteen years, French troops being progressively withdrawn as instalments of the debt are paid by Germany as was done by that country in France in 1871.

"Partisan" writing in the Echo de Paris maintains that if France is left to "guard alone the common road of civilization she ought to be backed actively by a defensive alliance with England and America which is clearly defined in detail."

LONDON, Sunday, April 13 (via Montreal). In commenting upon the result of the Hull by-election last week in which the coalition, or government, candidate was defeated, the Manchester Guardian declares:

"The electors think they have been fooled and don't like it. There was a great deal of humbug and pure demagoguery at the general election and unhappily our versatile Prime Minister was in more ways than one responsible for these things. Germany, which was to pay all, will pay something. If we are lucky and the German state holds together, but not a tithe of what the electors were encouraged to think she would be made to pay."

The Guardian also ascribes the defeat to the dissension among the members of the coalition.

PASS BILL TO CURB STATE EXTRAVAGANCE.

KASCH'S MEASURE PUTS TAB ON COLLECTIONS AND EXPENSE OF COMMISSIONS.

(BY A. P. NIGHT WIRE.)

SACRAMENTO, April 14.—The Assembly today passed, 44 to 25, Assemblyman Kasch's bill to require State commissions to pay money they receive into the State treasury, where their special funds might be expended under direction of the Board of Control and to abolish all contingent funds.

Introduction of the measure precipitated a spirited debate. White and Carter, who have pending a bill to reorganize the State government, according to the plan outlined by the Taxpayers' Association of California, said it was a "step in the right direction."

Although the Assembly Efficiency and Economy Committee made no recommendation on the measure, Kasch said it was in accord with the recommendations of the Governor, who had asked for such a bill.

T. M. Wright and Knight opposed the bill because they said abolition of contingent funds of State hospitals would be considered unfair by "pay patients," whose guardians would be forced to pay for the cost of the State treasury.

Greene said the Board of Control "is not all wise and should not be given authority held by various commissions."

The vote on the measure brought on a call of the House.

STREET IMPROVEMENT TAX SYSTEM CHANGED.

(BY A. P. NIGHT WIRE.)

SACRAMENTO, April 14.—The Assembly tonight passed Assemblyman Locke's bill, providing for the levying of assessments for street improvement work on an ad valorem basis, instead of the present street frontage basis.

Assemblyman Ambrasse's concurrent resolution calling upon the legislative council bureau to recommend revision of the street improvement laws was adopted by the Assembly.

The Assembly passed Assemblyman Dorn's bill, to repeal the plan of 1915, giving a blanket valuation of irrigation district bonds, already issued or to be issued.

A resolution asking the Federal government to have captured German cannon placed at the national home for disabled soldiers at Sausalito was adopted.

CLIPS SEVEN INCHES OFF THE BED SHEETS.

(BY A. P. NIGHT WIRE.)

SACRAMENTO, April 14.—The Senate voted today to clip seven inches off the bed sheets used in hotels and lodging-houses in the State. A bill by Senator Hart, a hotel proprietor, amending the present law by providing for the reduction in length from ninety-eight to ninety-one inches was passed, 31 to 4.

Hart said the change was asked because ninety-one-inch sheets were "long enough" and because the law required that ninety-eight-inch sheets be used by hotel proprietors at a cost of dollars annually in wastage.

"Sheeting material can be bought only in ninety-nine and ten-inch lengths, Hart said. "When the ninety-nine-inch material is hemmed

and shrunk it is too short and the Senator urged the Senators not to "disturb the size of these sheets."

"They are doing very nicely," he said. "Traveling men consider this bill important and vital to them. It compels the lodging house and hotel proprietors to provide sheets of sufficient length to overlap other covering at the top and protect the face from bedding, the cleanliness of which often is doubtful."

(BY A. P. NIGHT WIRE.)

SACRAMENTO, April 14.—The Assembly tonight rejected, 37 to 22, Assemblyman Ekward's bill to establish State commission markets for fishery, dairy and farm products.

The bill would repeal the State Market Commission Act under which Harris Weinstock, State market director, holds office.

Ekward gave notice of a motion for reconsideration. Under the legislative committee's rules the measure must be disposed of finally by tomorrow night, the time limit set for each house to act upon its own bills.

The bill would repeal an appropriation of \$40,000 and was one of a few measures adversely reported by the Ways and Means Committee, refused passage in the House today.

Disapproved by the Ways and Means Committee, the measure was passed, as well as others, appropriations of \$35,000 and one with no recommendation carrying \$115,000. In addition to all of these the Assembly passed Goddard's bill to raise by 15 per cent. the pay of all civil servants, except those making less than \$125, which T. M. Wright, chairman of the Ways and Means Committee, said would add \$100,000 to the State tax burden.

The measure was passed by the Assembly after the committee's adverse recommendation. Bennett's psychopathic hospital bill carrying a \$200,000 appropriation.

At the close of the day's session Carter attempted to have for special consideration tomorrow his and White's bill amending the plan of the Taxpayers' Association of California for reorganizing the State government. The House refused to adjourn, shutting off further action until tomorrow, as tonight's session was devoted exclusively to measures already placed on the special urgency file.

After Ekward explained that his bill proposed to establish State markets where products would be placed before the consumer at a commission to pay the cost of the market's operation, Kline said the measure was advanced only as a part of the fight against Weinstock.

Morris read a contract of the Northern California Milk Producers' Association with the San Francisco distributors which he said was a violation of the wartime seal combinations in restraint of trade given the market director by U. S. Webb, Attorney-General.

"The market director connived with the producers and distributors to have us have our milk at a price that was a day's worth of milk a day were dumped into the gutters in San Francisco," Morris said.

"The only opposition to the market director," said Bruck, "has come from those who want to go out and say to the farmers, 'I'll give you as much for your product, and force them to take that price or nothing.'"

"The farmers have organized and they say at what price they will sell. They have a right to organize just as the clerks and workmen have to form unions and say what they will sell their labor for."

"As for milk dumping," he said, "it is absurd to believe milk would be destroyed when it might be used for its by-product."

Morris said the milk was still being destroyed.

Strother characterized the bill as "pernicious and destructive." He, O'Dale and Winden said the organizations of producers in the San Joaquin Valley, formed by Weinstock had brought increased prosperity and had eliminated waste.

McCreary told Strother he had never heard of a consumer advocating the work of the market director.

Among the Assembly bills bearing adverse committee reports passed by the Assembly were these:

O'Leary—\$250,000 for a Lampson-Santa Ynez River highway in Santa Barbara county.

Argabrite—\$100,000 for a Maricopa-Ojai highway in Ventura and Kern counties.

Vicini—\$25,000 for the Amador county branch and \$15,000 for the Calaveras branch of the Alpine State highway.

Mrs. Hughes—\$7500 for the Chico-Deer Creek pass highway, known as the "Lake Almaner highway."

M. B. Brown—\$5000 for a survey of a road between Auburn and Jamestown.

Ekward—\$20,000 for a highway between Alturas and Cedarville in Modoc county.

Konner—\$40,000 to be apportioned to county and district fairs for distribution as premium money for State products.

Parker's bill to appropriate \$150,000 for a highway leading to the tuberculosis hospital at Weimar, bearing no committee report, passed.

SENATE PASSES BILL TO ADVERTISE STATE.

(BY A. P. NIGHT WIRE.)

SACRAMENTO, April 14.—The Senate passed tonight, 26 to 4, a bill by Senator Breed creating a State publicity department to advertise California. The measure appropriates \$100,000 annually, contingent, Breed said, "on public-spirited citizens raising a like amount for advertising."

Senator Harris said that in view of "our dense ignorance as to the state of our finances" he will vote against this measure and every other appropriation bill for which no adequate provision has been made.

Other bills passed by the Senate tonight included the following:

Brown—Authorizing the sale of the present site of the Whittier State School.

Crowley—Permitting Coroners to employ stenographers at inquests.

Evans and Sample—Declaring the road from Willows to Oroville a State highway.

Flaherty—Permitting the State Harbor Commission to construct and maintain warehouses on the San Francisco water front.

BLAST WRECKED SUB CHASER.

Flaming Gasoline Burns Officers, Nine Others.

Caused by Leaping Wireless Spark, Belief.

Ammunition Fails to Explode, Declared Miracle.

(BY A. P. NIGHT WIRE.)

SAN DIEGO, April 12.—In a gas explosion which sent a torch of flame 100 feet into the air, ten men were killed, two were fatally injured, and a submarine chaser No. 297 at the municipal pier this afternoon. All but one of the men were attached to the craft. The tenth, C. G. Johnson, was driver of an oil truck from which gasoline was being pumped into a 450-gallon storage tank on the chaser. The list of injured follows: Ensign Allen T. Belknap, Niles, Mich.; Redmond Wash, K. A. Seaton, Seattle, Wash.; K. A. Seaton, Ocala, N. Y.; E. W. Drake, Trident, Mont.; W. W. Conner, San Francisco; C. J. Jamison, San Diego. Rear-Admiral W. F. Fuller, commanding division two, Pacific fleet, was rushed to the pier at the ship, the Minneapolis, to the pier as soon as the report of the explosion was heard, and reached it before the injured were taken away. He soon ordered an investigation. It was unofficially reported today however, that the explosion probably had been caused by a spark leaping from a "rat tail," or lead, of the wireless antenna on the boat.

Make Your Own Gray Hair Remedy.

Mrs. A. Dixon, a well known Brooklyn trained nurse, made the following statement regarding gray hair:

"I have used a box of Orin powder at any drug store. It costs very little and no extras to buy. Dissolve it in 4 oz. of distilled or rain water and comb it through the hair. Directions for mixing and use and a gold bond guarantee come in each box. One box will last you for months. It is perfectly safe. It does not rub off, is not sticky or gummy, and leaves the hair fluffy. It will make a gray-haired person look twenty years younger."

Just a Glimpse of Sunlight.

Just a glimpse of sunlight touching the hair—how it brings out the color, brightens and beautifies. Many of the great fashion centers, who lift their voice with authority, saying: "Please my vanity and I'll pay you well!" has recently been defending the use of up-to-date hair-dresser a golden gilt shampoo. For the golden gilt shampoo makes permanent that "gleam" which is the life of the hair. It is occasionally reflected, to her complete satisfaction.

GREAT ARMY OF DEAD TO LIE NEAR VERDUN.

AMERICA'S LARGEST MILITARY CEMETERY IN FRANCE IS LOCATED NEAR THERE.

BY EDWARD L. JAMES. (BY CABLE-EXCLUSIVE SERVICE.)

VERDUN, April 12.—America's largest military cemetery in France stands at Romagne sur Moselle, 23 kilometers north of here. There, 25,000 of our dead are being assembled. The work is being done by 10,000 negro troops laboring at top speed to complete the task by July 1, after which no bodies may be moved under the provisions of French law.

It is natural that the biggest cemetery of America's fallen lie in the Argonne sector, for there we had the hardest battle and lost the most men. It was on the long line running just north of Romagne that the American First Army fought the heart testing battle in the last two weeks of October. Those men fell buried by fire. Those men were gained, no cities won, but when the strength was sapped out of the crack German divisions that Ludendorff sent to teach a lesson to the audacious Americans.

In an area of ten square kilometers, in the region of the Predastelling, 17,000 American dead were buried, by far the heaviest losses we had in the war. Those men fell before Landres and Landres-St. George about Chantilly Hill and in Barleuxville Woods.

In this one cemetery will be buried two-thirds of all the American soldiers killed in France.

BELGIUM TRIES FOR STOLEN MACHINERY. (BY CABLE AND ASSOCIATED PRESS.)

BRUSSELS, Sunday, April 12.—(British Wireless Service.) The Belgian government, after the example of France, has created a special department in the Ministry of Economic Affairs with offices at Walzenberg, Germany, to deal with the question of the restitution and recovery of machinery stolen by the Germans.

The commission estimates that only about 10 per cent of the machinery stolen from Belgium will be recovered.

IN AUTO SMASHUP. The condition of John P. Powers and Miss Emma Fritzke, both of Oxford, who are at the County Hospital, suffering from injuries received in an automobile accident at Calabasas, remains unchanged.

Miss Fritzke is suffering from confusion and will soon be able to return to her home. But Powers is seriously hurt, as the result of portions of his backbone having been broken. Powers is employed by the Associated Oil Company of Oxford and Miss Fritzke was on her way to Los Angeles to welcome home from France her brother, who is a member of the One Hundred and Sixtieth Regiment.

PERSHING COMES TO MEET SECRETARY.

(BY CABLE AND ASSOCIATED PRESS.) EREB, April 12.—Gen. Pershing arrived here today to meet Secretary Baker, who is due late in the afternoon, on the American transport Leviathan.

William G. Sharp, retiring American Ambassador to France, and Mrs. Sharp are expected tomorrow. Mr. Sharp and Mrs. Wallace, new American Ambassador, who is also coming on the Leviathan, will confer Tuesday. Mr. Wallace will go to Paris Wednesday. French officials have arrived here to receive Secretary Baker and Ambassador Wallace and to say farewell to Mr. Sharp.

KAYS REPORT UNQUESTIONED. (BY CABLE AND ASSOCIATED PRESS.) PARIS, April 12.—The seventh day of the court-martial trial of Capt. F. C. Chamberlain of San Antonio, Tex., who is charged with having made false reports of aerial exploits on the British front last summer, was taken up by the testimony of Commander Emmet R. Pollock, U.S.N., retired, who was a member of the staff of the naval aviation headquarters in Paris. Commander Pollock swore that no question was raised concerning the accuracy of the reports of the pilot before the documents were received from Capt. D. C. Hanrahan, U.S.A., Chamberlain's commanding officer, were transmitted to the chief of the American Aeronautics Service.

In Memory of Those "Gone West." SALT LAKE CITY, April 12.—Tomorrow, Arbor Day in Utah, trees will be planted on the campus of each school in Salt Lake City, for every student who has "gone west" in the great war. Throughout the State, schools will dedicate similar living monuments in the memory of young men killed in action on the European battlefields.

File Will of Vanderbilts Heir. (BY A. P. NEWS WIRE.) NEW YORK, April 12.—The will of Mrs. Virginia Purdy Bacon, grand-daughter of the late Commodore Cornelius Vanderbilt, which was filed today, leaves \$175,000 to public institutions, and the interest she enjoyed under her grandfather's will to her nephew, Harold Oakley Barker of this city.

Miss Pike's Story of License to Wed is Verified.

Says She's Through with Him, but Pleads for Him.

After a conference with Secretary Doty of the Civil Service Commission, yesterday, F. H. Joyner, County Road Commissioner, stated he would demand the resignations of both Edwin S. Bittman, an engineer in the county road department, and Miss Bennetta Pike, secretary to Mr. Joyner. If the report shows that Mr. Bittman has a wife and child and has obtained a license to marry Miss Pike,

After an inspection of his records, County Clerk J. M. Backs of Orange county stated yesterday that they show that a license to wed was issued on April 3 of this year to Bennetta Pike, aged 28, giving her residence as St. Joe, Mo., and Edwin S. Bittman, 45, giving his residence as Topsham, Kan. This verifies Miss Pike's story of the license except for a discrepancy of one day in the date.

LOAN QUOTAS ARE FIXED.

City's is Nearly Thirty-two Millions; County's Thirty-nine.

Following are Southern California's Victory Liberty	
Los Angeles city	\$31,849,200
Imperial county	1,127,900
Inyo county	192,400
Los Angeles county	39,630,400
Orange county	2,082,600
Riverside county	1,183,500
San Bernardino county	2,029,950
San Diego county	3,828,150
Santa Barbara county	2,170,550
Ventura county	1,397,900
Total for Southern California	\$53,643,350

In announcing the quotas for the Victory Liberty Loan in Southern California, Henry S. McKee, chairman of the Southern California Victory Liberty Loan Committee made the following statement:

"The Treasury Department has evidently fixed the terms of the Victory Loan with the intention and belief that it shall hold practically in par in the open market."

The one serious danger to the success of this loan lies in the apparent failure of many people to realize its true nature. It is no new obligation that each of us may enter upon or not as he pleases. It is the fifth and final installment of a just debt that we all eagerly incurred and all must honorably pay. To refuse to buy one's full proportion is virtually to deny being one of the Americans whose future safety and liberty men died to protect."

Emphasizing the importance of not underestimating the job ahead of every resident of Los Angeles and Southern California, R. H. Moulton, campaign manager said:

"The Victory Liberty Loan quota for Southern California and Los Angeles city is less than we had anticipated. Our greatest danger now lies in overconfidence and the feeling that it will not be difficult to place the loan owing to this fact."

The amount to be raised in Los Angeles city is larger than the

MONUMENTAL REAL ESTATE DEAL.

Thirty-three Hundred Acres Between Los Angeles and West Beaches Sold to Merchant Prince for Record Cash Price; to be Fine Residence Tract.

Long coveted by many moneyed investors, prize of prizes in the local land market and the despair of a generation of subdivisionists, the great Wolfskill ranch of 3296 acres, one of the last of the undivided land domains between Los Angeles and the west beaches, passed yesterday into the hands of Arthur Letts, merchant prince, property owner and far-seeing business man and capitalist of this city. Mr. Letts last night announced his intention of converting it into a fine residential district. Development work will begin at once.

Two million dollars cash was the consideration for which the Wolfskill family finally parted with the property, which has so long beckoned the suburban developers of the South-west metropolis. The sellers were Matt Ashby Wolfskill, who resides on the ranch; Ney Wolfskill, who is in business in Fresno, and their invalid sister, Edith Irene Wolfskill, a resident of Pasadena. The Wright-Callender-Andrews Company handled the transaction, Charles G. Andrews of that firm, personally acting in the negotiations.

Aside from its magnitude and epochal importance, the deal had a dramatic interest, not to be found in the ordinary large real estate transaction. From an extended series of negotiations, which had looked dubious of fulfillment for many days, the deal finally developed at a rate and under circumstances that made it a "thriller."

The Wright-Callender-Andrews Company secured control of the property under a ninety-day option in January, something of a feat in itself, as the owners had always refused to entertain offers of any kind up to that time. The uncertainty of financial conditions operated to prevent the company's securing purchasers willing to go into so large a venture, and up until yesterday it seemed that the option would have to be allowed to expire unexercised. It is understood, in fact, that another Los Angeles capitalist, in the expectation that the deal would fall through, had entered into negotiations to buy a large part of the property directly from the owners.

Then the proposition was put up to Mr. Letts. Yesterday afternoon at 5 o'clock, a bare seven hours before the time of expiration of the Wright-Callender-Andrews option, Henry W. O'Melveny, of the law firm of O'Melveny, McKim & Tuller, Mr. Letts's attorney, tendered to William Herbert Mitchell, of Hanover, N. H., a certified check for \$1,000,000, the largest bargain for the new owner. The eleventh-hour tender was a complete surprise to the buyers of the option when they heard of it from their attorney, several hours later.

The great holding which Mr. Letts has added to his many other valuable properties, was known of old as the Rancho San Jose de Puerco Aires, and is still so marked on maps of record. Through its long association with the Wolfskill family, it long since came to be known under that name.

The ranch skirts Pico boulevard on the south for about two miles, extending northward to the foothills three miles away. It lies to the west of the Los Angeles Country Club property and the lands of the Rodas Land and Water Company, bordering both, and has for its western boundary the Soldiers' Home grounds and a part of the town of Bettle. A third of the land is level and of this portion approximately 500 acres, mostly in the southwest corner of the holding, along Pico boulevard, is ideal lawn land. On the mesa north of Wilshire boulevard the ranch is a sea of green barley fields. South of Wilshire boulevard and adjoining the west line of the property is an old walnut grove, ninety acres in extent. The annual cultivation of these crops has constituted the ranching operations of the holding for a generation. The improvements consist of the main ranch-house, built a number of years ago near the site of an older structure that was destroyed by fire, together with a number of houses for tenants and help on different parts of the property.

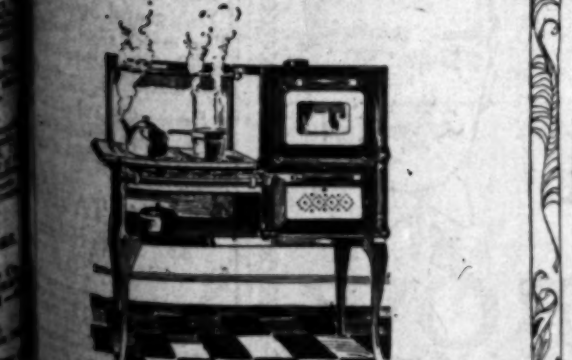

Mr. Letts plans to convert the big tract into one of the most beautiful

The Eclipse Gas Range

The Range With the Ventilated Oven

Utility of Ventilated Oven

The ventilated oven of the Eclipse Gas Range does away with blending of odors, so we may cook a variety of dishes at once. Vegetables should first be set over top burners until boiling thoroughly, then transferred to the upper or baking oven. The moisture from them makes it undesirable to bake pastry or crisp mixtures also, but small cakes or fruits are possible and many forms of puddings either baked or steamed in individual molds. If necessary, a very low heat may be maintained as easily as a hot oven, and with absolute uniformity. These regulated to the proper degree, it will remain indefinitely and the housewife can give her attention to other matters with the blissful certainty that the kitchen responsibility is over for some hours.

The Natural Way to Counteract "Acid-Mouth"

Pebeco Tooth Paste counteracts "Acid-Mouth," because it stimulates the abundant, normal flow of saliva, which as you know is distinctly alkaline and therefore the most natural and effective means of neutralizing unfavorable mouth acids. Normal saliva is the only mouth wash and tooth cleanser you need, and Pebeco helps you to obtain it in healthful quantities.

PEBECO TOOTH PASTE

Counteracts "Acid-Mouth"

Pebeco whitens and polishes without scratching the teeth or harming the delicate mouth membranes.

As Old as his Arteries

The doctor can't help it. He knows that the man has hard arteries, high blood pressure, and beginning kidney and heart disease, due to long neglected chronic constipation.

It isn't the other man's fault—directly. He's only 45—but he never realized that his constipation was a serious thing. He never knew how to treat it. He has taken bushels of pills, gallons of castor oil, mineral waters and salts, which have battered and tortured his alimentary canal from one end to the other; and he wonders why his health keeps getting worse. He doesn't know that his food waste has poisoned him, and has bred disease that is going to "get him" before his time.

Nujol is for just such a man—for every person whose bowels do not move easily and thoroughly at regular intervals—especially for those in advancing years whose body machinery will not stand rough treatment.

Nujol softens the accumulated food waste in the large intestine, and moves it gently out of the system, carrying those poisons with it, which, if allowed to remain, cause over 90% of human illness. Nujol supplies the lubrication that Nature can't supply as age begins to make itself felt.

This man might have known in time—but Nujol is new—the accepted modern treatment for constipation.

You can avoid such a misfortune as his. Get a bottle of Nujol from your druggist today and send for free booklet "Thirty Feet of Danger" expressing clearly the soundest medical authority on constipation and self-poisoning.

Warning: Nujol is sold only in sealed bottles bearing the Nujol Trade Mark. At all druggists. Insist on Nujol. You may suffer from substitutes.

Tents will Represent Torn Cities of France.

Campaign for Funds to End on Saturday Night.

Speakers to Travel Through City on Auto Truck.

If you should pass a tent on Broadway or Spring street today and notice a sign marked "Bolsheviks" or "Valentines"—stop and listen.

The tent will represent one of the cities in devastated France and somewhere near it will be a gathering of people willing to help the cause of France.

They will ask you to give 10 cents toward the fund that is to bring material aid to the impoverished families who are now returning to their ruined villages.

Upon an automobile truck, traveling from tent to tent, in the downtown district, will be speakers and singers. Among them will be men who have just returned from devastated France, who have learned to love the little old mothers of France for the many acts of unselfish devotion they bestowed upon them.

Stop, listen a moment, and give 10 cents.

How to Keep Down the Cost of Living

—We are all more or less interested in the H. C. of L. Commodities of all kinds have been high, and it will be some time before the prices of some articles can come down.

—We are in a period of readjustments, a time when our modes of life as well as prices are subject to change.

—During the period of the war we made many new patrons and friends. Many people found out for the first time how economical and agreeable it was to dine at Boos Bros.

—True economy in peace or war does not mean doing without necessities. Good, pure, wholesome food taken in sufficient quantities is essential to health.

—Our almost endless variety of good things to eat gives any one a wide choice.

—Pocketbooks, natural tastes and appetites can all be easily appeased in one of our cheerful dining-rooms.

Trade Your Liberty Bond Interest for Thrift Stamps, Urges Davidson.

Invest your Liberty Bond interest coupons in Thrift Stamps or War Savings Stamps.

This is the message which G. A. Davidson, State director of the War Savings Organization for California (south), sent out yesterday to the hundreds of thousands of Liberty Bond holders of Southern California.

"Today is America's great pay day, when \$150,000,000 in Liberty Bond interest will be paid out to 20,000,000 American families," said Mr. Davidson.

The Liberty Bond interest coupons will be received at the postoffice in exchange for War Savings Stamps and Thrift Stamps. By investing your Liberty Bond interest coupons in War Savings Stamps you increase your savings with no effort or sacrifice on your part and keep your dollars working for yourself and your country.

Saturday. Many of the smaller cities have gone over the top, according to Judge Wells and his aides, but Los Angeles is still behind. "These last three or four days should put Los Angeles over the top," said Judge Wells. "Let every citizen in this community give a little toward this cause. Let it not be said that we failed to lift up these weakened men and women and children."

DO AND DON'TS FOR BIG DRIVE.

Woman's Victory Loan Head Issues Instructions.

Hope to Make Sales Hundreds Millions or Better.

First Meeting of Campaign to be Held Here Today.

Here is a programme of "do's" and "don'ts" for every woman in Los Angeles city and county for the coming Liberty Loan campaign, issued yesterday by Mrs. E. R. Brainerd, State chairman of the Women's Victory Loan Committee.

Do sell at least one Victory Bond during the drive.

Don't leave it to George.

Do remember that woman's efficiency in national citizenship is being tested, and live up to the test. Don't be afraid to talk bonds wherever you are, on the streets, on the car to your home or the other woman's home.

Do make a round of your neighbors and ask them to buy bonds, and tell them why they should.

Don't wait till the last week of the campaign, but begin when the drive starts.

Do give up your entire time, energy and devotion to the Victory Liberty Loan.

Don't forget to help put California over the top with \$100,000,000 sales credited to the women of this State.

Mrs. Brainerd will address a mass meeting of Los Angeles city and county Victory Liberty Loan workers at 10 a.m. today at the Majestic Theater. This meeting, which will open the women's campaign in city and county, will be presided over by Mrs. J. T. Anderson, chairman.

State Bank Examiner Charles F. Stearns, of San Francisco, who came to Los Angeles especially to attend this meeting and get in touch with the women of the Southland, will speak, as will Henry R. McKee and H. H. Moulton, heads of the general Victory Liberty Loan committees for Southern California.

Other speakers are Leslie Henry, Harold Jans, J. B. Coulton and R. E. Ballard; three-minute speakers, Mrs. O. P. Clark, Carrie Jacobs-Bond, Florence Collins Porter and Carlos Hardy.

Harold Proctor will sing and a bevy of society debutantes, under direction of Mrs. Sumner East, will act as ushers.

Women's clubs of the city are preparing to take an active part in the woman's campaign, these organizations having sold hundreds of thousands of dollars' worth of Liberty Bonds during the four previous drives.

Mrs. Brainerd will leave Los Angeles later in the week for San Diego, where, under direction of Mrs. Lillian Pray Palmer, San Diego county chairman for the Women's Victory Loan Committee, the Victory Loan drive in that county will be opened.

Los Angeles county, under Mrs. Anderson's leadership, will compete with every other county in the State for the best record in selling bonds, the woman's committee being anxious to surpass all other county records in this last drive.

PRESS one finger against the opening of the supply nozzle of a Thomas Maddock's MABURDY lavatory, turn on the water, and a swirling jet forces out the dirt and germs that otherwise would collect and multiply in the overflow.

Old-fashioned plumbing fixtures with their uncleanable waste pipes are a constant menace to the health of your entire household. Probably you've already realized this and decided that some day you'd replace them with modern sanitary equipment.

But "some day" ought to be before that antiquated unsanitary plumbing plays havoc in your home. "Some day" ought to be TODAY.

Come in, see these fixtures and learn how little their installation and resulting health insurance costs.

S-W Old Dutch Enamel

Made by the slow and thorough Old Dutch process. It gives woodwork a surface as white and glossy as china, or dull, but still brilliantly white if you prefer. Old Dutch Enamel is very durable, does not crack or chip off and stays white.

S-W Old Dutch Process White Lead

is the painter's pet. He wants its color, its body, its fine reducing qualities and its great covering power and loves its "feel" under the brush and its fast, easy working quality. It gives unexcelled wear.

(Continued from First Page.)

years. The mother, who has been in ill health since the recent death of her oldest daughter is said to be critically ill now, the result of the exposure, following Miss Pike's attempted suicide.

The story of the affair created a profound sensation in Courthouse circles. It was not known that there was even the semblance of a love affair between Pittman and Miss Pike. It was pointed out that their offices are far removed from each other and that they had never been observed in the company of each other to any great extent. Both have a high rating as to ability.

Miss Pike is said to come from an old and respected family. Her father is reported to have been a prominent attorney and judge of St. Louis, Mo. Her home, since coming to Los Angeles, has been with her mother, at 1292 West Jefferson street.

Police Chief T. H. Griffin, of Venice, said yesterday that in all probability Miss Pike will be released this morning on bond and that it was not probable she would be held to answer to a criminal charge of any kind. She is now being held at the City Jail on the advice of her mother and Dr. Massee, her physician, so that her nervous condition may have an opportunity to improve.

"I'm Through with Him," She Says.

SOCIETY

BY VIRGINIA WOODS.

Miss Knowlton Weds.

The handsome residence of Mr. and Mrs. E. W. Knowlton of 288 South Grand avenue, Pasadena, was yesterday afternoon the scene of the marriage of their daughter, Miss Frances Marie Knowlton and Mr. Warren Llewellyn Hopperstead, of this city. Dr. Lyman Potter Hitchcock of the Neighborhood Church officiated.

The marriage is of much interest to society here as well as in the Crown City. The Knowlton home was turned into a garden of wisteria and orange blossoms in which bluebirds flitted about.

Miss Loretta Kelley of Pasadena was maid of honor, Mr. Homer Reed of Los Angeles stood with the bridegroom.

After the ceremony an elaborate and musical dinner was served to members of the bridal party and relatives and a few intimate friends. After the 22nd meal, the couple will reside at 2019 Hillhurst court, Hillhurst avenue, Hollywood.

The bride is well known in social and musical circles in Southern California and during the past year appeared in several dramatic productions for charitable purposes as a dancer and singer.

For Miss Whitnah.

Miss Dorothea Whitnah, who is to become Mrs. George Rex Barton at a beautifully arranged wedding ceremony to mark the early after-Easter season, was the motif for a charming pre-nuptial tea at which Miss Adeline Maney assembled a merry group of maids and young matrons at the Alexandria yesterday.

The table decorations were designed in purple and white iris, blue cornflowers and pink sweet peas forming an altogether Frenchy effect.

Asked to greet the honoree were Mrs. Leon Deane Godshall, a bride of last autumn; Miss Dorothy Day, who is also to marry shortly; Miss Florence Kaye, Mrs. C. L. Whitnah, Miss Dorothy Thompson, Miss Rose Bacon, Miss Margaret Kellogg, Miss Eleanor Johnson, Miss Mary Gould, Miss Harriet Gould, Miss Palmer Cook, Vernon Spencer, Andrew Baldwin, Brenton Carr, Frank Evers, and Monroe Montgomery.

Miss Byna Kinsey also presided at a pretty tea on Friday at her Hermosa Beach home, arranging the affair for Miss Whitnah. Miss Eleanor Johnson will entertain for her tomorrow and Miss Ames Britt is arranging a luncheon tea for her next Saturday afternoon.

Home from France.

Leut. Waltham Vickery is one of the prominent Los Angeles young men just home from France who went through the war from the start to finish. He was gone two years. He took his training at the Presidio and was sent to France last August from Camp Lewis with the famous Wild West Division which was put in reserve at St. Mihiel battle where so many Germans were captured. He went into the battle of the Argonne where he fell from shell shock, gas and complete exhaustion. He is with his parents, Mr. and Mrs. O. A. Vickery, who are residing temporarily at Hotel Virginia, Long Beach.

For Maj.-Gen. and Mrs. Strong.

Maj.-Gen. and Mrs. Frederick S. Strong were hosts guests at an elaborately appointed dinner given in the green banquet room at Hotel del Coronado, by members of Gen. Strong's staff. Red Cross nurses, commanding officers and medics formed a motif for place cards that indicated plates for Maj.-Gen. and Mrs. Strong, Brig.-Gen. W. O. Johnson, Lieut.-Col. and Mrs. Francis H. Farum, Col. Alexander Murray, Miss Murray, Lieut.-Col. and Mrs. Albert B. Austin, Lieut.-Col. and Mrs. Raymond I. Follmer, Lieut.-Col. and Mrs. Henry Breckenridge, Lieut.-Col. and Mrs. T. H. A. Tiedeman, Lieut.-Col. C. E. Mount, Maj. and Mrs. J. C. Dooley, Maj. and Mrs. C. E. Simon, Maj. and Mrs. F. G. Folsom, Maj. and Mrs. Carl B. Johnson, Maj. Stewart K. Baker, Capt. and Mrs. J. C. Dickinson, Capt. and Mrs. Albert B. Williams, Capt. and Mrs. J. P. Donovan, Mrs. Floyd E. Farum, Capt. James Gunn, Capt. W. C. Allen, Miss L. McCord.

Engagement Announced.

Announcement of the engagement of Miss Minnie Sterling of this city and Mr. Lador A. Peller of Mexico City was made yesterday by her parents, Mr. and Mrs. George Sterling. Mr. Peller is the son of Mr. R. Peller of Mexico City. He is a graduate of the college of law, U.S.C., and is now a partner with his father in a big rubber factory in Mexico City. Miss Sterling is a graduate of Manual Arts High School.

Mr. Peller.

Mrs. Clara Shortridge Foltz returned yesterday from Menlo Park, where she visited her brother, Hon. Samuel M. Shortridge, and tasted the realities of San Francisco in a duty sedate manner.

Personals.

Mr. and Mrs. D. L. Darroch of Collingwood, Can., who passed the winter in various parts of Southern California, are now in Los Angeles at the Lankershin Hotel.

After spending several months with the family of his nephew, Dr. E. Jay Clemons, Ezra Clemons left yesterday for his home in Wisconsin.

Mrs. H. V. Bennett and Allan M. L. Bennett, Mr. and Mrs. W. E. Ball and Mr. A. R. Smith, are among the Los Angeles folk registered at the Hotel McAlpin, New York.

Miss Edythe Sterling is in San Francisco visiting friends, and is domiciled at the Bellevue Hotel.

Allan Burton, son of Mr. and Mrs. John Burton of 541 South Ardmore avenue, sailed Saturday on the steamer Columbia for a three months' trip to the Orient—Japan, China and Manila. Soon after his graduation at L. A. High School, Mr. Burton went to San Francisco, where he is connected with the Pacific Mail Steamship Company.

SAYS SERVICE MEN MAY VOTE.

But Only if Registered in Last Thirty Days Here, Registrar Adds.

Soldiers and sailors who have been away in the service may vote in the coming city primaries, but not unless they registered thirty days prior to the election, according to a statement made yesterday by David B. Lyons, Registrar of Voters.

Mr. Lyons said: "Military men who have recently returned have come to this office to register during the past week. They have received such information from superior officers as has led them to believe that they can vote at the coming primaries, even though registered after the close of registration. It is quite possible that some of these officers may have misconstrued the provision of law to the effect that absence in military service does not affect one's residence. That is true. It is also true that returning soldiers, in common with all citizen voters, must register thirty days prior to an election in order to be entitled to vote at such election."

CALUMET BAKING POWDER

"BEST BY TEST"

The greatest advancement ever made in the manufacture of baking powder—so perfectly made that you're always sure of the very best baking results. Its leavening strength never varies. The last spoonful as good as the first. No failures. It raises the quality of your bakings and reduces baking costs.

It is sold at a moderate price and you use only half as much as of most other powders.

A product of the world's largest, finest, most sanitary baking powder factory. Used in the U. S. Army and Navy—by the most eminent Domestic Scientists—in more homes than any other brand. Its superiority has made it America's leading seller.

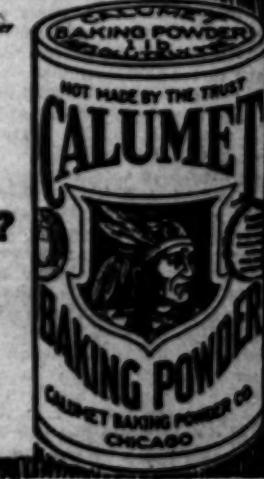

- CALUMET GRIDDLE CAKES**
- | | |
|--|--|
| 2 —Level cups flour | 1 —Level tablespoon sugar |
| 2 —Level teaspoons Calumet Baking Powder | 2 —Level tablespoons melted shortening |
| 1/2 —Teaspoon salt | 2 —Eggs, yolks |
| | 1 1/2 —Cups milk or water |

How to Make Them: Mix dry ingredients in flour. Beat egg yolks and melted shortening in the liquid, add only a part of the liquid, mix until smooth. Then add gradually the balance of the liquid until batter is of the proper consistency. According to the strength of the flour more or less liquid is required. Bake on hot griddle well greased.

Paste in your Recipe Book for future reference.

Have You Noticed This?

When you buy a pound of Calumet you get a full pound—16 oz. Some high priced baking powders are now being put on the market in 12-oz. cans instead of a pound. Be sure you are getting a pound when you want it. No short weights with Calumet.

Sylvan Park here was reached during the week when the families with trailers and camping outfits were camped in the park at one time, a fair indication of what it will be during the summer months. Now is the ideal time for camping here for all the rose hedges are in bloom and the orange trees are in bloom.

W. T. Ferguson, superintendent of Sylvan Park, knows personally of six families that have located here to stay for several months at least and some are longer through coming to camp in this city.

HITTING EVENT
IS LINED UP.

Sailor Kramer is to Meet
Danny Kraemer.

Will be Main Event at Vernon
Arena Tonight.

Other Interesting Bouts on
the Programme.

Matchmaker Wadhams of the Vernon Athletic Club has lined up a slugging match for the main event tonight, Sailor Kramer of the Submarine Base meeting Danny Kraemer, the boy who beat Kid Momo. Both men have been going good of late and while he hardly figures to beat his namesake the fans have become used to seeing him put up the toughest sort of battles against every opponent.

Chet Neff, the Seattle lightweight, and Gene Watson will meet in the semi-main event. Watson is fast and a good boxer and Neff is rough and tough. He has boxed the best lightweights on the coast for the last couple of years and has a reputation as the strongest lightweight in the four-round game. If he is as good as when he was last here he should give Watson the toughest fight the local boy has yet had.

A bout that looks up as a real attraction is the special event arranged between Al Grunau and Ralph Lincoln. The two boys are the cleverest on the coast. Both are fast, clean boxers who know how to step at top speed all the way. Neither has a knockout punch but both are good hitters.

George Spencer has grabbed a rematch with Paddy Dillon. In a recent bout Dillon received the decision over Spencer and the San Francisco boy is out to turn the tables tonight. Spencer is one of the fastest boys of his weight ever seen in the local ring. Dillon looked bad a few weeks ago as he had been out of the ring for some time but he has worked himself into shape and made a lot of friends by his last showing.

Kid Layman will meet Gus Williams and the two should put up a slashing preliminary. Johnny Woodruff of Riverside is matched with Joe Gomez in the curtain raiser. The last time out Gomez stopped Red Brown.

Fred Winsor will referee.

ALEX THE GREAT
REACHES AMERICA.

(BY A. P. NIGHT WIRE)

NEW YORK, April 14.—Grover Cleveland Alexander, star pitcher of the Chicago National League club, returned today from overseas on the Rochambeau. He is a sergeant in the Three Hundred and Forty-second Field Artillery.

He said as soon as he received his discharge he intended to go with his wife to St. Paul, Neb., to see his aged mother. Army officers said he might be mustered out tomorrow.

Another baseball star to arrive in New York today was Walter "Rabbit" Maranville, shortstop of the Boston Nationals, who came into port with the Atlantic fleet. He was a coxswain on the battleship Pennsylvania, but received his discharge papers before leaving the ship. He took a train for his home in Springfield, Mass., where he will remain a few days before joining the Braves.

VERNON ARRIVES

The Vernon baseball team arrived in Los Angeles yesterday afternoon over the Salt Lake route from the Mormon city. All the boys were feeling well and were ready for the big diamond contest this afternoon at Washington Park.

TENNIS TOURNAMENT
IS TO CONTINUE.

Clay Courts Event to Last
Through Week.

Large Entry List is Keeping
Things Moving.

Women's Singles Only Affair
Making Schedule.

The tennis tournament, which is to provide Los Angeles with a whole flock of 1919 Southern California clay court champions, will be continued spasmodically throughout the week in order to set as many of the preliminary matches out of the way as possible. The large number of entries has made it necessary to keep things moving, in order that the finals may all be played on Sunday.

Simpson Simmsbaugh, after looking things over with a great deal of care yesterday afternoon, decided that from all appearances the same batch of male players will be struggling along in the late rounds of three different events unless a number of the second and third-round matches are played off earlier than scheduled. This event has gone through to the semi-final round, and only three matches remain to be run off. Miss Jeanette Griggs, present champion, plays Mrs. Walter Ellis in the upper semi-final and Mrs. J. A. Ramson, Southern California open champion, meets Mrs. W. M. Henry in the lower semi-final.

In the men's singles and doubles the large number of entries has left matters in a somewhat congested state. There are a lot of fine matches to be played in the third round of the singles, and the second and third rounds of the doubles. One of the latter, that in which Brown and Winne, Coast champions, meet Earle and Clarence Barker, is causing a lot of comment, and threatens to be one of the prize events of the tournament.

BOWLING NOTES.

Play in last week's matches in the Class A and B doubles tournament, now in progress at the Majestic Alley, was of an unusually high order. Thirty double century scores out of four matches played showed the trend of bowling done out by the experts. Earl Fay headed the cracks with 1035, closely followed by that old veteran, Jim Neal, with 1015. Alfred Mackenzie trailed along with 1045. Cy Young gathered 1025, and Dr. L. D. Meader was low, with 985.

Scores, as furnished by Secretary E. R. Adams, follow:

	1	2	3	4	5	6	7	8	9	10	Total

Good reports came so generally to the Fish and Game Commission yesterday from anglers' enthusiasm over the success of the State's planting that it is difficult to direct the sport seeker to any one place as more better than another. Ease of accessibility is the consideration this season, where hitherto it has been a case of going where they are, however hard. Thousands of sportsmen have driven right to their camps this season, and taken their fish within a few hundred yards of their cars, almost too easy.

MAGNATES NOT WORRIED.

(BY A. P. DAY WIRE)

CINCINNATI, April 14.—In a statement issued by the National Baseball Commission here today, the supreme court of baseball announced that the decision of Judge Stafford at Washington in the suit of the Baltimore Federal League club necessitates no modification of the system under which organized baseball is operating. Great investments depend upon its continuance. The government of the United States has not challenged it. On the contrary, when the attention of the Department of Justice was called to the system, and its operation, the department decided that no reason was perceived for governmental interference.

BLUE AND WHITE
IN POLO CLASH.

BIG EVENT OF MIDWICK QUARTERS IS TO TAKE PLACE TODAY.

Midwick's practice polo quartet, the Blue Jays and White Wings, will meet tomorrow afternoon on the club turf if the present plans of the players carry. Wednesday afternoon is regularly dedicated to the sport, but business has interfered several times causing the matches to be postponed.

The Blue Jays' victory Saturday by a score of 2 to 1, indicates how evenly matched the two teams are and tomorrow's match promises to be the fastest played to date. Players and ponies have been steadily improving as a result of the practice and every match has shown a perceptible improvement.

Additions to the polo strings now quartered at the Midwick stables continue to arrive until the paddocks are now filled to capacity. Many of the new mounts are ap-

pearances as polo ponies for the first time, but before the close of the season, some excellent ponies will have been developed.

John B. Miller, Dr. Malaby, Dr. Roucher, Teddy Miller, Reggie Weiss, Ted Ford, Rufus Spalding, Jim Spalding and Capt. Carville are the regulars who have played during the past two weeks and the practice teams will be selected from their ranks.

WE CURE
Piles, Fistulas

And All Rectal Diseases

WITHOUT AN OPERATION

For twenty-five years we have been curing diseases of the lower bowel. During that time our experience has enabled us to develop a method that is superior to others. We cure without surgery. Patients are not confined in bed and seldom lose a moment of their business.

Here are some of the persons who have been restored to health, and would not go back to the old life for any price:

George W. Fraser, San Bernardino; Frank McElvain, Los Angeles; J. T. Crane, R.P.D. 1, Box 173, Los Angeles; Dr. S. L. Landis, Los Angeles; Fred A. Harrington, 123 1/2 South Spring, Los Angeles; E. H. Williams, Main and Alameda, Los Angeles; W. S. Bakewell, 1786 E. 51st, Los Angeles; H. A. Anderson, 147 W. 53rd, Los Angeles; Mrs. B. R. Davidson, Torrance; S. A. Wilks, Los Angeles.

THE Dual Valve Engine has intensified every quality that in the past made the Pierce-Arrow swift, responsive, comfortable and safe. This it has done by giving the Pierce-Arrow greater power. Power intelligently applied means something more than speed. It means responsiveness, ease of manipulation—a keener, finer, instrument of pleasurable transportation.

POPPY GIRL'S HUSBAND.

By Antony Anderson

We are accustomed to think of Bill Hart as a "bad man," but now C. Gardner Sullivan, who has made him bad so many times in motion pictures, has made him good. In the time he is "Hairpin Harry" Dutton, a notorious crook of San Francisco, in the wild days of the Barbary Coast, he is a good man, a man of the sun-warmed winds of the desert, but emerges from prison walls into the streets of Los Angeles as a gleam with the dreadful prison plaid.

The mad and thring photoplay is made this week in the California. The story of "The Poppy Girl's Husband." It takes pictures from one of the famous Berton pictures, the story of Jack and the gripping one. Full of tenderness and passion. It offers a situation at once that is gripping and gripping. A man who plots to revenge himself upon his wife because, with the help of big Mike McGafferty, a detective, he has been in prison for years, and then, on his release, tries to have him sent back to prison. He tries to, to spoil her beauty by applying a hot piece of metal to her face—enraged by himself with the help of Mike McGafferty, the soba of his boy in a room upstairs, diverts his mind to a new channel, the rescue of his son from an orphanage, and the rescue of his wife from the influence of the chloroform he administered, and father and son start off together to begin a new life.

I know of no male actor on the screen who has the emotional range of the man who plays the part of "The Poppy Girl's Husband." Hate, love, despair, the lust for revenge, the
